Band Dance

One of the leading social events of last week was the dance given by the Logan band. There were 35 couples present and from the applause given, aside from the crowd, shows the esteem the organization is being held, under their new leader. The dancers unite in saying the music, both in time and quality is the best ever produced by the band. Two other important and much needed features are the free check room for wraps and the separate dressing room for ladies and gents. These are special and arranged for only on nights dances are given by the band. The band is showing wonderful and much needed improvement under their new leader Mr. R. C. Vent and it is to be hoped that he can be maintained so that Logan can have a band next spring of which they can be proud.

The boys will give another grand ball Friday, Dec. 3, at which all desirous of enjoying a nice dance are requested to come. Let all turn out and spend a pleasant evening.

Canal Commission.

For some months there has been filed several claims for damage against the state of Ohio for the loss to Hocking county and to several individuals of this vicinity for damage sustained in the recent flood, by reason of the State levy breaking west of Logan. The claims are as follows: Logan Clay Product Co., \$10,000.00; Hocking County, \$11,000.00; L. C. Wright, \$8,000.00; John McBroom, \$175.00; Riley Glass, \$1,000.00.

A commission of the Board of Public Work, in the persons of Allen W. Thurman, E. B. McCarter and D. E. Ruth of Columbus, were in Logan, Wednesday, and went over the ground and heard the arguments of counsel representing the claims. They will supposedly report in a week or ten days their recommendations, which will probably be approved by the board, and an appropriation asked for of the legislature in their session this winter, to pay the damages so approved. It is certainly a fact that the complaining persons were greatly damaged by the flood.
